Summary

Motivated Information Technology graduate with strong foundation in Python, data analytics and Machine Learning, seeking an opportunity to leverage my skills in building scalable and data-driven applications while continuously learning and contributing to organizational success.

Education

Shantilal Shah Engineering College, Bhavnagar

Bachelor of Engineering in Information Technology – 8.05 CGPA

2022 – 2026

Bhavnagar, Gujarat

The Imperial Science School, Dhoraji

Gujarat Board 12th (HSC) – 71.33%

2021 – 2022

Dhoraji, Gujarat

Technical Skills

Languages: Python, JavaScript, C

Frontend: HTML, CSS, React, Tailwind CSS

Backend Framework: Node.js, Express.js, Flask, FastAPI, Django, REST APIs

Database: MySQL, MongoDB, PostgreSQL

Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn, TensorFlow

Data Analytics: Data preprocessing, Data Visualization, EDA, Feature Engineering

Concept: OOP, Machine Learning, Deep Learning, Model Evaluation

Version Control: Git, GitHub

Developer Tools: VS Code, Postman, Jupyter Notebook

Projects

Score Prediction:

- Developed a Machine Learning model to predicting students' mathematics scores.
- The model uses features such as gender, race/ethnicity, parental education level, lunch type, test preparation course, reading score, and writing score to predict math scores.
- Implemented hyperparameter tuning and automated model deployment through CI/CD pipelines.
- Tech: Python, NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn.

Brain Tumor Detection System:

- Developed a machine learning system to classify different types of brain tumors using MRI datasets.
- Performed image preprocessing, including image resizing and normalization.
- Implemented TensorFlow models to predict tumor classes and generate confidence scores for each prediction.
- Built a Flask-based REST API for tumor prediction.
- Tech: Python, NumPy, Pandas, TensorFlow, Scikit-learn.

Achievements

- Successfully completed a three-months AI-Machine Learning internship at ADS Foundation, Gandhinagar
- Successfully completed the Green Skills and Artificial Intelligence program under Skill4Future at Shantilal Shah Engineering College, Bhavnagar
